

## EUROPEAN PARKING ASSOCIATION

*Positively promoting parking solutions for sustainable mobility*

To all members of the European Parking Association  
by E-Mail

Cologne, January 20, 2022

### Welcome to the 20<sup>th</sup> EPA Congress & Exhibition from September 12-14, 2022

- Exhibition and sponsorship opportunities
- Early bird delegate registration
- Newsletter registration

Dear members of the European Parking Association,

wishing you all a very good start in the year 2022 which we all hope will let us enter a new and easier phase of the pandemic with more opportunities for personal exchange, travel and face to face meetings.

Together with the Belgian Parking Association we are confident that the late summer is an excellent time for getting together in person again. Therefore, we are happy to reconfirm to all our EPA members that we are preparing for the [20<sup>th</sup> EPA Congress and Exhibition](#) to take place in the Square in the centre of Brussels from Sept 12-14, 2022. We are putting all our efforts into making this anniversary congress a firework of inspiration and exchange for all parking professionals from Europe and beyond.

#### ➤ **Exhibition and sponsorship opportunities**

Many companies have already decided to [sponsor](#) the event and be present in the exhibition and we are grateful for the support in these special times. The [www.epacongress.eu](http://www.epacongress.eu) website provides a [floorplan](#) of the exhibition area. If you or your members are interested in exhibiting, please check out the packages in the exhibition and [sponsorship brochure](#). The early bird deadline for sponsorship opportunities has been extended and provides attractive rates until 25<sup>th</sup> of March 2021.

#### ➤ **Congress programme and EPA Awards ceremony**

The [congress programme](#) is prepared by an interdisciplinary Scientific and Technical Committee and address all the relevant questions regarding the dynamic transformational process from vehicle parking management services to multi-modal hub management activities. The EPA Awards Ceremony will be part of the programme which provides an excellent overview of state-of-the-art projects and solutions. The EPA General Meeting will take place after the congress programme in the afternoon of September 14, 2022.

## EUROPEAN PARKING ASSOCIATION

*Positively promoting parking solutions for sustainable mobility*

➤ **Delegate Registration- programme and social networking events**

The [delegate registration](#) is now open and provides very attractive early bird rates for congress delegates up until the 25<sup>th</sup> of March. The Congress delegates will also have access to the evening events which provide excellent networking opportunities in two very special locations- the historic City Hall at Brussels world heritage Grand Place for the welcome reception and a very special Gala Dinner location in a car park with an outstanding atmosphere. Please note that since both events have a limited number of participants, and the delegates access is provided on a first come first served basis that it is advisable to book tickets early to secure a place.

➤ **Hotels and Logistics**

All event locations and hotels are in walking distance to each other in the very centre of Brussels. Attractive room rates for delegates have been secured and can be booked before August 2022 on the [congress website](#).

➤ **Subscribe to news on congress website**

In order to keep you informed about the event we kindly ask you to [subscribe to the news](#) on the congress website [epacongress.eu](http://epacongress.eu) and to ask your members to do the same.

➤ **Spread the word**

As EPA Member Associations we would kindly like to ask you to spread the word about the 20<sup>th</sup> EPA Congress, the participation, and sponsoring opportunities and to distribute the information further to all your members in your own mailings, newsletters and social media activities. We attach the event logo which you may include on your website together with a link to the [event website](#). Do let your members or customers know about the early bird registration and the event in general. If you need any assistance or information of further material do not hesitate to get in contact.

We are looking forward together with you to an extraordinary and outstanding 20<sup>th</sup> EPA Congress and Exhibition in Brussels, which will mark a very special anniversary from a long row of successful EPA congresses.

Yours sincerely

Laurence A. Bannerman  
President  
European Parking Association

Roland F. Cracco  
President  
Belgian Parking Federation

Elisabeth Herles  
General Secretary  
European Parking Association
